## **Carrying Your Cross Rightly**

Jesus said "Take up your cross and follow me." People experience a strained relationship, a thankless job, a physical illness and say "that's my cross." But is it what Jesus meant? Jesus also said "His yoke is light and easy." Come and clarify what is your cross and how to carry your cross rightly.

## **Finding Hope**

We hold out hope for ourselves and others' dreams and desires. We need reassurance when we have trials. If things don't come soon enough, we start to lose hope. What can we do? This workshop explores what hope is and how we can enlarge it.

## **I'm at War**

The Holy Spirit led Jesus into the desert to be tempted by the devil. This same Holy Spirit teaches us how to face this enemy. We are easy targets, mostly because we don't know his tactics. Learn the game of the enemy, so you can live a victorious life.
